**Want More Land.**  
Yesterday the engineers of the Minnesota car company, who have just arrived from the south, went out to West Duluth to look over the site of the works intended to be built by the company. It was found that the high ground needed them by the land company is not sufficient for their needs and more must be had. This the land company will proceed to furnish them. That the 30 acres of high land which is what is now owned by the car company is not sufficient for their actual needs is a most gratifying fact, showing in some degree what a gigantic enterprise is to be started there.

## The Great Eastern FALL STOCK

OF CLOTHING, HATS AND FURNISHING GOODS is the talk of the town. "What an immense stock, and what pretty styles this season", are exclamations of surprise heard in every corner of our store by hundreds of people who visit us every day, and at such low prices that everybody can afford to go well dressed for a mere trifle.

In our Men's Suits we are offering some rare bargains that won't lay on our counters very long at the price we have marked them at. Commencing at \$6, we are showing several different styles in heavy weight cassimeres that would be good value at \$10; and for \$8, \$10 and \$12 we can show you hundreds of patterns to choose from that will make you wonder how we can afford to sell them for so little money. Then we go along up from \$15, \$18, \$20, to \$25. We wish particularly for those who have been in the habit of paying exorbitant prices for tailor-made garments to step into our establishment and try on some of the last mentioned. We are satisfied you will then quit your tailor.

### THE "Q" STRIKE.

A Circular Issued by the Aurora Brotherhood of Locomotive Engineers.

THE STRIKE IS NOT AN OLD STORY.

Great Good Expected to Result From the Next Convention—New Rules and By-Laws.

Chicago, September 26.—A local paper prints this morning a copy of a lengthy secret circular issued a week ago by the Aurora Division No. 32 of brotherhood of Locomotive Engineers to members of the order at large. The circular begins by saying—"A great many may think the strike on the 'Q' is getting to be an old story, but such is not the case. The strike is just as good as it ever was and men are just as determined and solid." And this company is losing money fast, as it not faster than when the strike first began. Wrecks are numerous. We hope that great good will come of our next convention, and that our constitution and by-laws will be changed so that when we go to work by we also hope that there will be a federation of four "Q's," and less passed so that when there is to be a strike every man can know of it and keep away scabs. All communications, it is stated, should be addressed to J. A. Baerensen, Aurora. This is the chief of the Aurora division. His name is well known in connection with the recent "Q" dynamite plot for alleged complicity in which he is now awaiting trial under bonds.

AN INTERNATIONAL COUNCIL.

The Young Peoples Methodist Alliance in Session in Chicago.

Chicago, Sept. 26.—Vigorous young representatives of the Methodist faith from all sections of the United States and the Canadian are gathering in the First Methodist church this morning preparatory to the formal opening at two o'clock of the International Council of the Young Peoples Methodist Alliance. The morning has been devoted to devotional exercises and impromptu addresses and exchanges of greetings. When asked regarding the aims of the Alliance, one of the delegates replied that it was a vigorous organization compactly formed and adapted to the practical needs of the age. Organized by a score of devout young people at the Des Plaines camp meeting five years ago it had spread over the United States and Canada and would shortly be introduced by the same side of the Atlantic. In much of its practical work it resembled the society of Christian Endeavor. In keeping with the spirit of progress it had elaborated improved methods of activity among young Christian workers and had been largely conducive to the great growth of Methodism during the past three years. The morning session will be in session for three days and among the questions upon which papers will be read and which will be thoroughly discussed are "Social and Confessional," "How to Reach the People in Large Cities," "What class of amusements should be allowed in the church," and the Bible idea of sanctification.

JUST HALF PRESENT.

Jim Brown the Much Married Man in Court.

Detroit, Mich., Sept. 26.—About fifteen of the thirty-three women who were married to James Brown, the champion boxer, since 1885 confronted him in the recorder's court yesterday afternoon. The list of victims included Helen Brown, Lee and Anna Winters, of Chicago, who with Annie M. Haxel and Nancy Benjamin, were the only ones called on to give evidence against Brown. The Benjamin woman was the prosecuting witness. It was established that Brown's method was to advertise for a house keeper, select as a victim one from among the applicants who pleased him most and marry her as soon as possible. He would desert her after a few days.

WILL DUN NO MORE.

Sprague, "The Bad Debt Collector" Arrested and Imprisoned.

Chicago, Sept. 26.—More than ordinary interest and importance attaches to the case of Thomas W. Sprague, the "bad debt collector," who was arrested on remand before United States Commissioner Hogue in the government building at noon, from the fact that this is the pivot prosecution instigated under the recent act of congress which was specially enacted to meet offenses of this nature. Sprague, who has for some time conducted a "collection agency" recently sent a dunning letter to a resident of Kenosha, Wisconsin, in which he threatened to make mince meat of his reputation for honesty unless the claim of a \$1,000.00 creditor for debt and a half dollar was promptly paid. The notice was enclosed in one of the now notorious "bad debt" envelopes and the government detectives were prompt in finding when the documents were placed in their possession. The act of congress in question is based upon the law of libel, and follows a ruling of the late Chief Justice Scott that "it is enough a defendant in a libel suit to make him contemptible." It provides an envelope shall be so marked through the mails which contains on its face any words or delinquent reflecting on the character or conduct of another, or is calculated to injure the recipient's feelings or reputation, or to bring him into disrepute. The penalty for mailing such an envelope is a fine of \$100 to \$500, or imprisonment from one to ten years. United States District Attorney Harris says that Sprague's scheme is one of infamous black mail, and Commissioner Hogue will hold the defendant to await the action of the grand jury at the close of today's formal proceedings.

A PRETTY GIRL DEFALTEER.

Miss Raven Embezzles from a Rustic Firm and is Arrested.

New York, Sept. 26.—Rather a novelty in the defaulter-catcher line was introduced this morning by the arrest of Miss Marie Raven, a 17-year-old girl who had for some years past been the head bookkeeper and cashier for the large bank firm of Stern & Schless. Miss Raven is pretty and petite, and the firm placed implicit confidence in her. She has been discharged. The pecuniary loss amounted to a few hundred dollars. The young lady is a member of the Chicago Y. M. C. A. and was hailed out by the members. Max Kops, the salesman said Miss Raven's weakness seemed to be for flowers, bouquets, and gloves. The girl is well connected.

Bismarck, D. C., Sept. 26.—A large force of men are at work on the preliminary work of the dyke to be built between Mandan and the Missouri river. The dyke is being constructed by the Northern Pacific and Mandan jointly to protect the town from floods in the spring. It is estimated that the dyke will cost \$50,000. It is believed that the dyke will save Mandan from a foundation by the break up of the Missouri river each spring, and which is a protection to the section of Pacific slope.

Last Day of the Centennial.

Pittsburgh, Pa., Sept. 26.—This is the third and last day of the Allegheny centennial and it has attracted to the city the greatest throng for the week. Its chief feature is the great military parade which is in progress at this writing and which surpasses anything of the kind that has been seen in this section for a quarter of a century. Over five thousand National guardsmen, in full uniform, with their complete complement of the posts of the Grand Army, the United Veterans Legion, Sons of Veterans and similar organizations. The visiting detachments include the Fourteenth regiment of Ohio, First West Virginia, and Second Maryland. The loss moved at 11:30 a. m. with Gov. Hartranft as commander in chief.

Refused Passage.

TURKEY, Miss., Sept. 26.—The special meeting of the state board of health, which was to have been held here today has been indefinitely postponed. This is due to the fact that Dr. Thornton, President of the Memphis board of health, refused to issue passes for the passenger through that city. Dr. John Wright, J. A. M. D., Dr. Toombs, Greenville, S. C., Dr. Vickburg, and Dr. Moore of Yazoo City, although urged to do so by Dr. W. T. Dyer, president of the Mississippi board of health, Memphis having adopted a strict non-intercourse quarantine. ### RIOT IN CANADA.

A Contractor Skipsout and Neglects to Pay Seven Hundred Italian Laborers.

THE DUPED FOREIGNERS ARE MAD.

They Tear up the Railroad and Pillage Houses Deserted by the Inhabitants.

MONTREAL, Sept. 26.—News reached the city late last night of a serious riot in the county of Compton. The contractors of the section of the Montreal branch railway drew a check for \$25,000 from the company on account of the construction on Saturday last and left the country with the proceeds. They had in their employ over 700 Italian laborers who had not been paid a cent of wages since August 1st. As soon as the duped foreigners learned of the departure of their employers they became desperate and at once began destroying all they could lay their hands on. They soon took possession of the village of Sawyerville and threatened to destroy it unless they were paid. A party of citizens with some Hungarians employed by the railway company interfered to save the railroad property and a desperate fight followed. One Italian and four Hungarians were killed. It is reported that between thirty and forty were injured. The people are terror-stricken and have left leaving their houses and goods behind them. At last advices the Italians were pillaging the deserted houses.

An Operatic Triumph.

The opening of the opera season last week in Chicago by the Emma Abbott Grand English opera company was a brilliant operatic triumph for the great prima donna and her superb double company. The Chicago Herald thus speaks of the grand occasion: "The magnificent auditorium of the opera house was packed with one of the most brilliant audiences ever seen in this city. Nothing like it has been noted since day. The opera house was packed on occasions when Nilsson and Parepa occasioned vast audiences. Not only the house, but the balcony and the galleries were filled. ## OFFICIAL PAPER OF DULUTH.

The delegation from the Vermilion iron country which leaves Duluth Saturday morning via the Omaha line for Chicago and thence to Indianapolis, will be one of great importance, inasmuch as their mission is to demonstrate to Gen. Harrison that the Fifth congressional district of the state of Minnesota is not a tariff form one not never has been. The fact that Kaute Nelson during a fit of absent mindedness voted for the Mills tariff bill is no indication that his constituency are with him. In fact he misrepresents the Republican voters of this district, who elected him, and the idea has become prevalent that the noble Fifth is against Harrison and protection. The body of men comprising the delegation are representative business and commercial men, and visit Gen. Harrison with the intention of placing themselves and the Republican voters of the Fifth district right before the people. The fact that Congressman Nelson misrepresented the voters of this district by casting his vote for the Mills bill has instigated this movement, and the delegation will leave here with the hearty good will of the majority of voters of the district who favor protection, and will vote for Harrison and Morton.

All doubt has been removed, if any has existed, that the President contributed \$10,000 to the campaign fund, by the check being presented for payment. The check was drawn on one of Riggs & Co's banks to the order of C. J. Canida. It did not specify that Mr. Canida was treasurer of the national Democratic committee, but simply used the name Charles J. Canida. The \$10,000 was both written out in words and put in figures. The check was presented to Riggs & Co. for payment last week. It has passed through the Western National bank of New York, of which Conrad N. Jordan, formerly United States treasurer, is president, and with which Charles J. Canida is now connected.

Wheat has now reached a high price as compared with the ruling prices of the past three years. The figures offered for the cereal afford fairly remunerative returns to farmers. Everybody is turning to the bull side and too much bull company is always considered bad for an interrupted upward movement and invariably has a tendency towards bringing about a sharp reaction.

The Ashland daily News was one year old yesterday and commemorated the event by hoping that Washburn would outgrow Duluth. The Ashland yearling hopes for much. It might commence by expressing a desire that Ashland would outgrow Washburn, with a slight chance of having the desire gratified by the time the News reaches its centennial birthday.

As a storm is succeeded by a calm so is a boom in real estate followed by a lull. But the boom has its benefits, and the advantages of the past few years of activity may be noted in the fact that the year 1888 will prove the most active in building operations of any year in the history of Duluth.

Farmer Canning who is walking on the Democratic ticket for congress comes to St. Louis county, to Senator Comstock by 2,000 majority but believes he will carry Clay county against Comstock though it is his own home. Verily Canning thou art an argus eyed prophet.

The postoffice department received several dispatches yesterday from the yellow fever districts which indicate the running of trains on nearly all of the railroads in Alabama and Mississippi have been abandoned, and the whole section is panic stricken.

J. F. Emmott, the actor has recently purchased the noted St. Bernard dog "Pitt" for \$5,000. If the animal will be faithful to Fritz during his periodical jamborees, the investment may be considered a good one.

Emma Abbott, the bright and vivacious operatic singer, opens an engagement at the opera house tomorrow evening. The famous prima donna has greatly improved since her last visit, and will be cordially received.

The directors of the Union elevator company at Minneapolis continue to prate about the inaccuracies of the newspaper reports of the wheat steal and yet they positively refused to furnish any information.

Cass county, Dakota, is all mixed up in politics, but Maj. Edwards is at the head of one congressional contest, in evidence that some hard fighting will be indulged in.

Over 25,000 cigar makers are on a strike in Havana but that will make no difference to the American smokers who will as usual pay ten cents for a five cigar.

There is one state which Grover may be sore of, and that is the state of retirement which he will go into about the seventh of November.

P. T. Barnum is an enthusiastic Harrison man, while Adam Forepaugh is for Cleveland. Barnum always goes in for the best.

It is estimated that the vote of New York City this year will be 12,000 greater or than it was in 1884.

## BLOODED STOCK.

AN IMPORTANT ST. LOUIS COUNTY INDUSTRY ABOUT WHICH BUT LITTLE IS YET KNOWN.

Mention was some time ago made in this paper of the stock farm started at the St. Louis river by the Douglas boys, of this city. Since that time the young men have increased their outfit and stock as well as the land under their control until now they have a farm of no less than 1,600 acres all of it the richest meadow and bottom land, and with a frontage of four miles along the St. Louis river. They have kept a force of men at work all summer breaking land and putting up buildings, and now have about 100 acres in tame hay alone, besides a very large amount in other crops and of unbroken land in wild hay. They also have substantial and comfortable buildings. A few days ago they bought at Le Sueur Minn., five of Hereford cattle, four cows and a young bull, costing in all \$1,000, and the have just been taken to the farm. They intend to add to this purchase both by breeding and buying and by the time the autumn comes they will be sent to the farm in a few days.

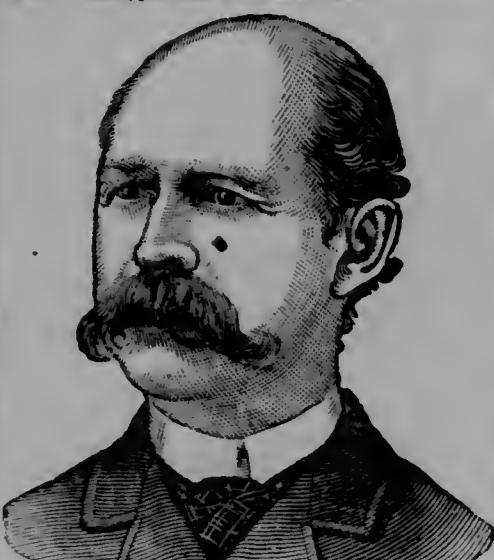

It is their intention to gradually increase their stock until they have one of the finest farms in the entire west. By next fall they will have about 100 head of cattle and horses, and will keep on increasing. Their location is a fine one, 25 miles from Duluth, over what will by another year be a fine road, on land very rich and well watered, with but little clearing to do before making it profitable. They will undoubtedly be very successful. The value to Duluth of such a business is hardly overestimated and probably will not be until a few of those who are in farming and stock growing near here make themselves rich.

Eat With Comfort and be Happy.

It is by no means uncertain, but, on the contrary, a well ascertained fact, that up on the well being of a man's stomach depends that medium of happiness which is vouchsafed to him in this world. Dyspepsia, the foe of all others to the stomach's tranquility, and most to be dreaded, is a complaint to the preliminary relief and eventual cure of which Hostetter's Stomach Bitters is especially adapted. It enables those who use it with a reasonable degree of persistence to eat with relish, because it imparts a healthful appetite to digest with ease, because it strengthens the stomach; and to assimilate the food which is eaten and digested, thus he retards health, promoting flesh and sustaining the exercise of the physical faculties. It facilitates the secretion of healthy bile, actuates without discomfort the function of bowels, and, when taken upon retiring, to produce healthy slumber. Malaria is conquered by it.

## WEST END BOOM N BUILDING.

Noticeable among the new buildings at the West End this summer is the new addition to the Clarendon hotel. It speaks well for the hotel that they have found their present house too small for the demands of the traveling public. In conversation with Mr. E. G. Wallinder, foreman for Messrs. Waterworth & Fee, the contractors for the Clarendon, it was learned that they were nearly through with their work there, and would soon go over to Superior to start work on the new hotel there.

Mr. Wallinder is well and favorably known here, having come from Caledonia, Dakota, over a year ago, and he has been in the employ of Messrs. Waterworth & Fee, contractors and builders, for some time. While in conversation with Mr. Wallinder, the reporter learned that he had not found life a flowery bed of ease by any means. He said that that early in the morning he could remember, his trouble started, first he only noticed a liability to take cold easily, and that kept increasing until he found he had a cold almost all the time, especially had this been noticeable for the last year. There was a dropping of mucus from the head into the throat, hawking and spitting, often very severe, at other times a dull heavy feeling through the forehead and over the eyes. When stooping at work, or at other times, there would be a fullness in the head and ringing in the ears. Pain through the chest, felt most on the left side. Appetite was very poor, and had a tired languid feeling most of the time. Sleep not appearing to him the good it should, also had a very bad cough. He was feeling as above described when he went to see Dr. Cosman, nearly two months ago. He had been reading the daily papers and reading of cases affected similarly, to himself, who had been treated with success by Dr. Cosman, so he concluded to go and see the doctor. After careful examination of his case, the doctor told him he was suffering with chronic catarrh and bronchitis, but he could treat him successfully, but that it would take time to effect a cure. So he started treatment at once and with the happiest results, for after less than two months treatment, he feels as well as he ever did and attributes this to the excellent skill and treatment of Dr. Cosman, and would recommend any suffering as he was to go and see the doctor.

Mr. Wallinder resides at No. 1100 west First street, where he will be cheerfully corroborate the above.

## HIS BLIND ORDER.

A Business Man's Courtship and Its End.

It was rather late in life before I was married. Just how old I was I leave the reader (who is always taught to believe himself to be a very shrewd and discerning person) to imagine, and I have no doubt he will have solved the problem to his own satisfaction before my story is half completed.

I had been quite successful in business, and was familiar with the ways of men; I had learned to match the tricks and evasions of the business world with tricks and evasions of my own; but of women I knew nothing, never having had leisure to cultivate their society. I used the word "nothing" in its literal sense; I knew absolutely nothing.

My entrance into society was something after the manner of Stanley's journey across the Dark Continent. I began to explore a strange and fascinating world, in which there were pitfalls against which my business facts and figures were of no avail. I found that women differed very widely from men. Perhaps they were not so much more transparent to me. Indeed, many of them were quite opaque.

Dark as to the purposes of certain ladies I met; but, while mystified and puzzled at their conduct, I was also delighted. There was no denying the charms of woman's society. I felt that I had wasted a great many years.

I do not intend to conceal my object in entering the society of ladies—I wanted a wife. To be frank, I had a vague idea of the kind I wanted. In business, when a man desires a bill of goods without first inquiring the price and particulars, he gives what is called a blind order. When I pigeon holed my papers and closed my office desk with a bang, pecked the key and called out to secure what I felt I needed—a good wife—I gave a blind order. In effect I did a most unbusiness-like thing. I blushed now to think of it, but when a man pauses in his eager race after dollars to cultivate matrimony he is generally apt to give a blind order. What can he know of the ways of women? Absolutely nothing. He hears rapidly, it is true, but it requires long experience to meet them on their own ground and beat them with their own weapons.

I shall be pleased if any profit or interest attaches to the result of my blind order, and I wish to assure the reader that it was the only one I ever gave.

Among the young ladies that I met was Miss Blanche Ridgeway. How shall I describe her? Business connections cannot help me, and I nominate romantic word pictures. Miss Blanche was a very sweet girl. When she smiled her face was like a full moon, and her eyes were like stars. I often caused my happiness, but my feeling in the presence of Miss Blanche was not the same. Her voice was quite possible, when listening to her it seemed as if I might have some romance in me after all; and when in church she turned her bright eyes on me.

Faugh! faithless! I, a plain man of business, writing such gush! I pray overlook the boyish folly.

Miss Blanche had a sister, Miss Mary, a plainer girl, but sensible and business like. My reason for loving her was that I had heard (which I regret to say had not hardened with my head) said, marry Miss Blanche. I faced the situation coolly. I want a wife, you said, and here are two ladies. One is 22, the other possibly 30; one is pretty and is inclined to be silly at times, the other plainer, but sensible and womanly. Miss Blanche is a sweet girl and she is young. There is no denying that a young girl has a fascination, and that belongs to her years. I will ask Miss Blanche.

My resolution made, I called on her. "I am here on important business, Miss Blanche," said I, when we were seated.

"Indeed?" she replied, her eyebrows arching in surprise.

"Yes," I went on. "My mind is made up. I have a question to ask you."

"Will you marry me, Mr. Quoter?"

"It was a plain, business like question, calling for a plain, business like answer. I put it honestly and in good faith. To my amazement, Miss Blanche almost fainted."

"What is wrong?" I cried.

"Why, Mr. Quoter," she replied, indignantly, turning red and pale by turns, and looking positively pretty.

"I am listening."

"I go to church regularly every Sabbath. I confess that this answer was not altogether satisfactory, but I have never been able to get a better one. A few months afterward we were married. Mary has made me an excellent wife, and I feel as sure as fate that few blind orders are so well filled as mine. As to Mary's views on the subject, I cannot say. I'll tell you in another chapter."

"Really?"

"Really, yes."

"Good! I like that answer!"

"I should hope you did," was the demure answer.

"I mean I like its straightforwardness."

"And is that all that pleases you?"

"Very far from it. But one question, Miss Mary. Did you know I had asked your sister to be my wife?"

I looked up into the sweet girl's face expectantly. Her cheeks glowed, her bright eyes were very pleasant to look upon.

"I have answered your most important question, sir," she said, blushing like a rose. "I think that should satisfy you."

"I do, Mary; but I am just a little curious."

"Really?"

"Really, yes."

"Good! I like that answer!"

## WEST DULUTH.

## ACCORDS TO THE POPULAR DEMAND.

For the past two weeks a movement has been on foot to request the banks at West Duluth to close Saturday and Monday evenings. The business men claim that as the pay day of the majority of laborers is Saturday and as they are paid mainly by checks, the banks being open on Saturday and Monday evenings, the checks are cashed, the men, as soon as they have the cash in their pockets, go to town to do their trading, which otherwise would revert to West Duluth business men. In a great measure this is true, as far as the banks closed. A letter with a check in his pocket would naturally go to the most convenient place to have it cashed; that is to West Duluth business houses, and of course, if they desired to trade, they would do their purchasing at the place where it was converted into money. In an interview with a Herald reporter regarding this matter Mr. Sivert, of Bell's bank, said: "I have heard there was such a movement on foot here in West Duluth. I shall speak to my customers regarding the matter, and if they desire us to close Saturday and Monday evenings why, we shall do so."

## BOOMED TO DEATH.

"I believe Duluth has had the healthiest growth of any of the new cities west of the Mississippi," said a West Duluth business man this morning. "Now, there's Los Angeles, a town whose name was heralded with the blare of trumpets all over these United States and people thought there was no town like it in the world. But the city is dead now, and will be for many a year. It grew ten times as fast as the surrounding country, and has now fallen flat. I received a letter from there this morning from a business man. He says the town is 'duller than blazes,' nothing doing whatever. This spring they began to put up a \$750,000 hotel. A few weeks ago the third story was reached in building and there it stops. All the workmen have been discharged, and the vast pile of masonry stands there as a monument to 'boom times'." How's Duluth? She's all right.

## TO HELP THEIR BROTHERS.

The swiftness of the brotherhood of West Duluth is arranging for a grand ball for the benefit of the members of their order now on a strike against the "Q" road. The dance will probably take place sometime during the next month. Tickets will be placed on sale throughout the city, so that those who are disposed, may find their aid to a good cause.

## Is Not This So?

"I remember a mass of things, but nothing distinctly, of course you do, and so does every one else directed with poor memory. But here's a 'cure' worth much money. Send to Prof. Loebke, the great memory specialist, 237 Fifth avenue, New York, for a copy of his prospectus; take his course on memory training, and, our word for it, in a few weeks' time your difficulty will be how to forget, not how to remember. Thousands of prominent people endorse it."

## MARINE MATTERS.

## ARRIVALS.

Prop Tom Adams, Lake Erie, coal.  
Prop Japan, Buffalo, merchandise and passengers.  
Prop R. H. Hall, Two Hackers, to load ore.  
Prop Onoko, Ashland to load ore.  
Prop North Wind, Buffalo, wheat.

## DEPARTURES.

Freights here are very dull. But little coal is coming up and less wheat is going down. There will be but little movement of wheat until November.

Never before during this entire season has the harbor been as empty of vessels as it is at present. Crowded coal docks, a blockade below, and a scarcity of wheat accounts for this.

The Lehigh line gives notice that it will build two magnificent steel steamships during the present winter costing about \$300,000 each, and that it will not rest until it has as fine a line of vessels as there is on the lakes.

The Cleveland Plaindealer asserts that the next lot of ore charters made will be at an advance of 5 cents per ton on the rate now quoted from all the shipping ports. The tonnage available for the ore trade holds the advantage of position, the Plaindealer says, and the producers will have to stand the raise, much as they may dislike to do this.

R. J. Pennington and others of Cleveland have closed a contract with Robert Linn of Gibraltar for the building of a new schooner to cost about \$65,000. She will be modeled after the line of the steamer George Spencer, of which she is the consort. Her keel will be 230 feet, beam 35 feet, hold 15 feet, and estimated carrying capacity 1,550 tons. She is to be steel-arched and so constructed that steam can be put into her in later years. She is to be ready for sea at the opening of navigation next year.

DULUTH AND RED WING, WORK BEING DONE ON THIS RAILWAY LINE TO LAKE SUPERIOR.

A telegram from Red Wing says the work of grading the road bed of the Duluth, Red Wing & Southern railway is progressing rapidly on the section between Red Wing and Zumbrota which is to be ready by January 1st next. There are now employed in the construction of the road 600 men and 200 teams, and this force will be increased considerably in a short time. The contract for building the bridge between Red Wing and Zumbrota has been let and work on them has already commenced. From present indications it seems as though the road will be ready for the rolling stock before the time specified in the contract. The laying of rails will be commenced about the 1st of November and the work will commence from the end of the line. Next Monday the directors of the new road will hold a meeting in Red Wing, when important business will come up for consideration. It will then be decided whether or not the road will run through Zumbrota village. It is also probable that a contract for building the bridge across the Mississippi at that place will be let to contractors.

The Duluth members of the road will be at the meeting and something will doubtless toward increasing the work on this end of the line.

## THE FEVER.

There is no use disguising the fact that typhoid and kindred fevers are rampant in Duluth just now, and have been for the entire summer. The direct testimony of all the leading physicians of the city as to the prevalence and continuity of the disease is too strong to allow any doubt as to its existence, even should the frequency of cases and the number of deaths not be regarded. There have been a surprisingly small number of deaths, however, to the number of severe cases of illness and for this can Duluth be congratulated. Through this city should not be the most healthy of its population in the entire country. Its situation on the side of a hill where drainage is easy, its abundance of fresh air and water and point on the city. The cause for the prevalence of this disease is not far to seek and is well known, but is anything to be done about it, is the Gas & Water Co. to be made to furnish pure water? The city council and the Chamber of Commerce, as well as all other good citizens should not let the agitation which they have started, rest until the company is compelled to furnish what its charter requires "a good and sufficient supply of pure and wholesome water for household and other purposes." That other cities, notably Boston and Kingston, are swept worse by the same scourge than Duluth does not mitigate the harshness of the facts here in the slightest degree.

## Duluth Road's Officials.

President Hayes, of the St. Paul & Duluth, accompanied by General Manager Dudley, G. G. Haven, Jr., H. W. Mitchell and W. B. Richards and W. B. Pett, arrived in Duluth last evening on a special. President Hayes spent the morning in a short trip to Lester Park over the Short Line, and in looking about the city talking with the mayor and board of works. He left for St. Paul at noon, going up by Northern Pacific line, via the old river line around the dikes.

Mr. Hayes was interviewed during his stay here regarding the prospects for a union depot, and seemed to realize the importance of better accommodations than Duluth had been allowed. He has apparently taken his cue from previous officers of the road, and does not see where room can be had.

## A Squirrel Hunt.

Collector H. B. Moore, coal agent, Fisher and Tom Shamrock Monaghan are a trio of probably successful sportsmen as Duluth can boast of. They shouldered their guns a day or two ago and were driven to a point near MacFarlane's farm where the vehicle was sent back and the nimrods started for game intending to reach the Duluth & Iron Range track in time to take the afternoon train home. They tramped for two hours without seeing any animals or birds and finally struck a path which seemed familiar to all and proved to be Eighteenth avenue east. They had simply turned around and had been hunting in the city limits. Col. Chalk says they saw a red squirrel up a tree and sent Tom back to get a spade to dig the tree up but this is not believed by the intimate friends of the hunters.

## FALL STOCK

OF CLOTHING, HATS AND FURNISHING GOODS is the talk of the town. "What an immense stock, and what pretty styles this season," are exclamations of surprise heard in every corner of our store by hundreds of people who visit us every day, and at such low prices that everybody can afford to go well dressed for a mere trifle.

In our Men's Suits we are offering some rare bargains that won't lay on our counters very long at the price we have marked them at. Commencing at \$6, we are showing several different styles in heavy weight cassimeres that would be good value at \$10; and for \$8, \$10 and \$12 we can show you hundred patterns to choose from that will make you wonder how we can afford to sell them for so little money. Then we go along up from \$15, \$18, \$20, to \$25. We wish particularly for those who have been in the habit of paying exorbitant prices for tailor-made garments to step into our establishment and try on some of the last mentioned. We are satisfied you will then quit your tailor.

## FALL OVERCOATS

in endless variety, and at prices that no one need be without one. Examine our stock of \$7, \$8 and \$10 top coats before you lay out a dollar elsewhere, and for \$12, \$15, \$18, up to \$25, any style or make you wish.

## BOYS' AND CHILDRENS'

Nowhere can you find such a stock of goods under one roof for the little fellows as we have laid in. We want to make this one of the most popular departments of our store hence this immense stock and low prices have alone got to do the work.

### THE ULTIMATUM.

The Chairman of the Inter State Commerce Commission Writes a Letter.

CESSITY FOR PROMPT ACTION.

The Traffic Association Must Agree on a Uniform Classification of Freight Rates.

CHICAGO, Sept. 27.—A local paper says: Chairman Coley, of the interstate commerce commission, in a letter to Chairman Blanchard of the Central Traffic Association says: "I hope managers will not overlook the necessity for continuing their efforts in the direction of uniform classification of freight. Such classification must be brought about before a lapse of any great length of time, and if not agreed upon by managers themselves, it is certain, to be compelled by law and you will understand much better than the general public, how vastly injurious it must be to railroad interests and to the public at large, to have this done suddenly and under force. It ought to be approached gradually, deliberately and in a spirit of concession."

A LIVING CURIOSITY.

An Oldman Breaks His Neck and Still Lives.

CINCINNATI, O., Sept. 27.—A singular accident, in which a man sustained a broken neck and still lives, occurred at West Norwood, six miles from this city. Edward Danke, who lives on Hughes street, went in the country to visit his brother, Fred Danke, residing at Norwood. While enjoying his visit Danke climbed a fruit tree, but a falling branch struck him on the back of the head, dislocating one cervical vertebra, or, in other words, breaking his neck. Danke was placed in a wagon and conveyed to the office of Dr. Hopkins, who set the dislocation, and, miraculously, he was able to get up and walk. Danke is now in the hospital, and is expected to recover. The doctors are of the opinion that Danke is a living curiosity, and that he will live for many years.

For Whiskey Selling.

Frank Lytle was brought from jail to Judge Carey's court this morning charged with providing liquor for Indians, and was sent to St. Paul to await the action of the United States court under bond. He admitted his guilt.

The case is a peculiar one and has been a surprise to the defendant since his jailing. It seems that there was a saloon and gambling house near Detroit and the White Earth reservation to which the Indians resorted in numbers. The saloon was kept by a man named Lytle, and he was charged with providing liquor for Indians. The case was brought to the attention of the United States court, and Lytle was sent to St. Paul to await the action of the court.

Then in order to help things along today's prisoner took one of the Indians who came in from White Earth as witnesses of the affair to a Fifth avenue west saloon, and procured him whiskey from the saloon keeper, receiving \$2 for so doing from the Indian. He then went back to the office of the judge, taking the drunken Indian with him, and exhibited him as a specimen of the saloon-keeper's work. Marshal Beaulieu at once swore out a warrant for his arrest, and he was nabbed before he had time to get out of Judge Carey's office, and jailed, much to his own disgust and chagrin.

The Red Wing & Duluth. Meeting was held Monday afternoon in Red Wing both of the stockholders of the Red Wing, Duluth & Sioux City Construction company and of the directors of the Duluth, Red Wing & Southern railroad. There were present at the construction company meeting Messrs. J. F. Hubbard, F. W. Hoyt, G. H. Gray, O. S. Lowell, W. C. Rice, S. B. Foot, H. E. Perkins and M. J. Toher. At the railroad company meeting Messrs. W. J. Telford, of Geneva, and W. M. Todd, of Albert Lea, were present in addition. The matters discussed and the action taken were of no special interest. They related to the work now in progress and similar affairs.

It With Com art and be Happy.

It is by no means uncertain, but, on the contrary, a well ascertained fact, that upon the well being of a man's stomach depends that medium of happiness which is vouchsafed to him in this world. Dyspepsia, the foe of all others to the stomach's tranquility, and most to be dreaded, is a complaint to the preliminary relief and eventual cure of which Hostetter's Stomach Bitters is especially adapted. It enables those who use it with a reasonable degree of persistence to eat with relish, because it imparts a healthful appetite; to digest with ease, because it strengthens the stomach; and to assimilate the food which is eaten and disgest this benedicting health, promoting flesh and sustaining the exercise of the physical and mental faculties. It moreover, facilitates the secretion of healthy bile, activates without discomfort the habit of body, and tends, when taken upon retiring, to produce healthy slumber. Malaria is conquered by it.

WHERE THEY WILL BE.

THE PLAN OF THE CITY AUTHORITIES IN REGARD TO LIGHTING, COMPARISON WITH OAS.

Anticipated yesterday, the board of works is advertising for proposals for electric city lighting, a step which has been urged by the people of the city for many months.

Specifications for the work, which are on file at the office of the board, ask for bids for 50 or 100 arc lights of 2,000 candle power, the same as are now in use in the city, or 50 or 100 arc lights of 1,200 candle power the same as are now in use in St. Paul and Minneapolis, and for 100 or 200, 300, 400 or 500 incandescent lamps of 16 or 25 candle power. The judgment of city officials in the matter seems to incline to arc lamps and they are to be placed on alternate corners of streets between Sixteenth avenue east and Twenty-fourth avenue west and from the harbor front to Fifth street, or in locations designated by the council. Arc lights are to be put on poles, masts or suspended over the center of the street and no wires are to be strung across the street.

A few figures will here be of interest. Duluth is now lit in palatable darkness by the glimmering and dim light of gas lamps, about 11 per cent of which, by the way, are always unlighted—these cost about \$28 per year each and were enough to cover the cost of electricity for the city. Ninety-eight 1200 candle power arc lights placed at alternate corners over the space proposed to be lighted would diffuse 117,000 candle power light, or the equivalent of 589 gas lamps, which latter would cost \$164,400 yearly, or nine times as much as the cost of electricity for the city.

At an average of twenty candle power each these would diffuse 4600 candle power of incandescent light, or the equivalent of 225 gas lamps, which latter would cost \$164,400 yearly, or nine times as much as the cost of electricity for the city.

OFFICIAL PAPER OF DULUTH.

If all Democratic congressmen who were opposed to the Mills bill had the courage of their convictions and the firmness to resist the party whip as did the Hon. William H. Sowden, of Pennsylvania, we should have no fear of such another passing for some time to come. Mr. Sowden says: "I have always been a Protectionist. I have voted as I believed, and have my Democracy is to be measured by my views upon economic questions." These views echo the sentiments of THE HERALD exactly. Protection first, party principles of less importance second. Let every Democrat follow in the footsteps of Randall, Sowden, Biss and Greenman, and cast his vote next November for those candidates who can be trusted to vote as they mean and talk. Vote for protectionist congressmen.

To anyone who is familiar with the history of the Democratic party, it will be needless to say that its economic policy has been that of cheap labor. It is quite natural that the party which thrived upon slave labor, and forced the country into a civil war to prevent industrial freedom should stand for what it is—the next best thing, the lowest priced free labor.

A New York book peddler was struck in the face with the point of the penicillin one of his eyes and resulted in death. No well appointed office should be without one of these weapons. They seem to be more effective on a book agent than a shot gun.

A fund has been raised by the New York Press club to aid the relatives of newspaper men who have died by yellow fever in the south. This is a move in the right direction. The noble men who work so resolutely in a panic stricken community are revered and respected by all.

The pallium was conferred on Archbishop Ireland, in St. Paul, this morning. His career in Minnesota is noteworthy because of his close connection with noble Catholic charities. Archbishop Ireland has endeared himself to the people of the northwest.

Mrs. Cleveland says that she never did and never will exchange the newspaper for mention her name. But she should remember that Grover is running for president in her name and she ought to sacrifice all modesty on that score for his political sake.

The Arkansas Democrats have added the crowbar to the shot gun as an implement of partisan service, and threatened themselves to overcome opposition in majorities even after the returns are looked up in a safe.

The good fortune of C. C. Brown the newspaper man in selling his patent safety car truck, for a round sum of money, is enjoyed by every one. Charlie receives our congratulations.

It evidently requires all firmness and presence of mind possessed by the authorities in the south to prevent a grand stampede from the fever country.

A memorial of St. Paul—an orphan asylum—is to be established in its native town of Tarsus, Minnesota. Will have to look a "little dead."

Jack Frost is a welcome visitor in the fever stricken districts of the South, and will soon make sad havoc of his relative, Yellow Jack.

Oscar Wilde is more popular now than he has been in long hair and short trousers.

Dr. Gottschalk of Providence R. I. is dead. He ought to have been popular with the milkmen who haven't got chalk.

## WEST END BOOM N BUILDING.

Noticeable among the new buildings at the West End this summer is the new addition to the Clarendon hotel. It speaks well for the hotel that they have found their present house too small for the demands of the traveling public. In conversation with Mr. E. G. Wallinder, foreman for Messrs. Waterworth & Fox, the contractors for the Clarendon, it was learned that they were nearly through with their work there, and would soon go over to Superior to start work on the new hotel there.

Mr. Wallinder is well and favorably known here, having come from Caledonia, Dakota, over a year ago, and he has been in the employ of Messrs. Waterworth & Fox, contractors and builders, for some time. While in conversation with Mr. Wallinder, the reporter learned that he had not found life a flowery bed of roses by any means. He said that nearly as long ago as he could remember, his trouble started, and he only noticed a liability to take cold easily, and that kept increasing, until he found he had cold almost all the time, especially had this been noticeable for the last year. There was a dropping of mucus from the head into the throat, hawking and sneezing a great deal, headache, often very severe, other times a dull heavy feeling through the forehead and over the eyes. When stooping at work, or at other times, there would be a fullness in the head and ringing in the ears. Pain through the chest, felt most on the left side. Appetite was very poor, and had a tired languid feeling most of the time. Sleep not appearing to him the good it should, also had a very bad cough. He was feeling as above described when he went to see Dr. Cosman, nearly two months ago. He had been reading the daily papers and reading of cases affected similarly to himself, who had been treated with success by Dr. Cosman, so he concluded to go and see the doctor. After careful examination of his case, the doctor told him he was suffering with chronic catarrh and bronchitis, that he could treat him successfully, but that it would take time to effect a cure. So he started treatment at once, and with the happiest results, for in less than two months, treatment he feels as well as he ever did and attributes this to the excellent skill and treatment of Dr. Cosman, and would recommend any suffering as he was to go and see the doctor.

Mr. Wallinder resides at No. 1106 west First street, where he will cheerfully corroborate the above.

OFFICIAL PAPER OF DULUTH.

Nothing could more clearly demonstrate the fact that the Democratic candidate for vice president is in his dotage and no longer entitled to the credit of statesmanship, than the apologetic, hypocritical speech of Judge Thurman to the delegation of colored men that called on him last week. Even the Chicago Herald, an earnest champion of Democracy, characterizes his remarks as foolish and "in bad taste," and "calculated to injure the chances of the party at the forthcoming election." In his Columbus speech Mr. Thurman intimated these words to the delegation of colored citizens: "If it had not been supposed by radical leaders that the political bondage of the negro could be made to take the place of ancient bondage, you would have heard nothing of the Republican party having freed slaves."

There is no political excitement in this city as yet. It is too quiet altogether and the candidates and campaign managers ought to do something to create a little enthusiasm. Mr. Comstock, the next congressman from this district must come down here and make a speech. Everybody is going to vote for him on principle, but there are several thousand voters here who feel that they would like to see the man who is to be their representative. On the Democratic side Charlie D. Antrepreneur ought to address his fellow townsmen. Of course he has done well to practice on the people in the country districts before attempting his master effort in the metropolis. Duluth ought to have a number of good political meetings between now and election day.

The Republican nominee has made himself the real as well as the nominal leader of the party. He has touched with skillful hand the intelligence of the nation. He has voiced its best sentiments, its truest inspiration. With kindly, generous touch, he has reached to the common wants, the common needs, and the common feelings, and with inspiring voice he has awakened the best sympathies of the people. He has furnished the texts for the campaign orators. The amplifications and applications of the truths found in his short, laud sentences will include all that need be said on the pending issues.

Tascott, the young man alleged to have murdered Banker Snel in Chicago, and who has given the police of the country so much trouble, is still at large. Interest in him has been greatly revived recently because a reward of \$20,000 has been offered for his capture. The reward report is that he is in the Lake Superior country. This will be good news to the Duluth detectives.

H. H. Hawkins is every where and he does not propose to let a single vote escape him if he has any possible chance of getting it. He is as strong a candidate as could be found in the Democratic ranks and besides that he knows how to conduct a campaign. If the Republicans would beat him they must do so now.

Ex-Congressman Converse, of Ohio, a Democrat is disgusted with the free trade proclivities of his party. He says the Democracy "has been run on a sand bar by 'Ignorant'." Ignorant is a very expressive name for Cleveland, Mills & company.

The cold, chilly Mary Anderson sailed to day from Queenstown for New York. She is returning just in time to bring frost and ice, and would be a welcome visitor in the northern states.

Two thousand speeches are being made in Indiana daily, and people by the thousands make pilgrimages to congratulate General Harrison and pledge him their support.

A New York woman survived two years of age committed suicide last week. It took her a long time to find out that life was worth living.

The Chicago News, an independent paper that has favored Cleveland, admits that New York will go 20,000 Republican this fall.

Sarah Bernhardt has made her will, and provided it that her body shall be cremated. An exchange thinks she will Bernhardt.

All political parties are on a hunt but the prohibitionists are the only party on a "still hunt."

Elia Wheeler Wilcox says: "Man is but a poor creature at best." Elia has never heard of Mr. Vanderbilt.

MYSTERY OF A HANSOM.  
A MAN ROBBED OF A WATCH AND MONEY BUT WILL NOT COMPLAIN.

There occurred in this city last night an affair which was not so much of a crime as that committed in the bazaar, as related in the famous London story, but which nevertheless is a mystery. A prominent business man who became over-enthusiastic on account of successful speculations in wheat, decided to conclude to enjoy himself and forth filled up with two much "small varieties" of an uptown resort. After blowing himself for a couple of hours, he telephoned for a cab and started for a rally, intending to make a few calls on some ladies who are not of the best character. The gentleman was well received at all places and left each house considerably lighter in pocket and more intubated in the head. He remembered being hustled into the vehicle in the "worn" hours" but after that period he lost consciousness and did not regain his senses until late this forenoon. Upon examination he found his pockets empty of money and his gold watch and chain gone. He does not know who pilfered his pockets and thinks it may have been his wife who is a practical joker especially if it works for his good. He says no complaint or search will be made and if the valuables do not turn up he has got nothing but his just deserts.

## WEST END BOOM IN BUILDING.

Noticeable among the new buildings at the West End this summer is the new addition to the Clarendon hotel. It speaks well for the hotel that they have found thousands of the traveling public. In conversation with Mr. E. G. Wallinder, foreman for Messrs. Waterworth & Fee, the contractors for the Clarendon, it was learned that they were nearly through with their work there, and would soon go over to Superior to start work on the new hotel there.

Mr. Wallinder is well and favorably known here, having come from California, Dakota, over a year ago, and he has been in the employ of Messrs. Waterworth & Fee, contractors and builders, for some time. While in conversation with Mr. Wallinder, the reporter learned that he had not found life a flowery bed of roses by any means. He said that nearly as long ago as he could remember, his trouble started; first he only noticed a liability to take cold easily, and that kept increasing, until he found he had a cold almost all the time, especially in the winter. He was not able to do his work, and he was dropping of mucus from the back of his throat, and he was having a great deal of trouble with his head, often very severe, at other times a dull heavy feeling through the forehead and over the eyes. When stooping at work, there were other times, there would be a pain in the head and ringing in the ears. Pain through the chest, felt most on the left side. Appetite was very poor, and he had a tired languid feeling most of the time. Sleep not appearing to him the good it should, also had a very bad cough. He was feeling as above described when he went to see Dr. Cosman, nearly two months ago. He had been reading the daily papers and reading of cases affected similarly to himself, with success by Dr. Cosman, so he concluded to go and see the doctor. After careful examination of his case, the doctor told him he was suffering with chronic catarrh and bronchitis, that he could treat him successfully, but that it would take time to effect a cure. So he started treatment at once and, with the happiest results, for less than two months, treatment he feels as well as he ever did and attributes this to the excellent skill and treatment of Dr. Cosman, and would recommend any suffering as he was to go and see the doctor.

Mr. Wallinder resides at No. 1105 West First street, where he will be heartily corroborated in the above.

## The Great Eastern FALL STOCK

OF CLOTHING, HATS AND FURNISHING GOODS is the talk of the town. "What an immense stock, and what pretty styles this season", are exclamations of surprise heard in every corner of our store by hundreds of people who visit us every day, and at such low prices that everybody can afford to go well dressed for a mere trifle.

In our Men's Suits we are offering some rare bargains that won't lay on our counters very long at the price we have marked them at. Commencing at \$6, we are showing several different styles in heavy weight cassimeres that would be good value at \$10; and for \$8, \$10 and \$12 we can show you hundreds of patterns to choose from that will make you wonder how we can afford to sell them for so little money. Then we go along up from \$15, \$18, \$20, to \$25. We wish particularly for those who have been in the habit of paying exorbitant prices for tailor-made garments to step into our establishment and try on some of the last mentioned. We are satisfied you will then quit your tailor.

## FALL OVERCOATS

in endless variety, and at prices that no one need be without one. Examine our stock of \$7, \$8 and \$10 top coats before you lay out a dollar elsewhere, and for \$12, \$15, \$18, up to \$25, any style or make you wish.

## BOYS' AND CHILDREN'S

Nowhere can you find such a stock of goods under one roof for the little fellows as we have laid in. We want to make this one of the most popular departments of our store; hence this immense stock and low prices have alone got to do the work.

### STAFF OF LIFE

The Master Bakers Association Meets in Chicago Tonight on Important Business.

### ADVANCE IN BREAD INEVITABLE.

New York Bakers Deem a Raise Necessary on Account of High Priced Wheat.

Chicago, Sept. 29.—Whether or not the price of bread shall be advanced to meet the recent increase in the price of wheat and flour will be decided at the special meeting of the Master Bakers' association that is called for tonight. This question, although upon its face but a local one, is in reality of national interest, for the same question is agitating the bakers of nearly all the large cities of the east and west and there is little or no doubt that, should the meeting tonight decide upon an advance in price, it will be the signal for a general movement in the same direction throughout the country. A dispatch last night from New York stated that the bakers' association of that city, while it regards a raise in prices as inevitable, had decided to wait upon the outcome of tonight's meeting in this city. A large number of members of the trade, who have been interviewed during the past week, are unanimous in their opinion that there is no longer any money in the business, in consequence of the fact that flour has advanced fully twenty-five per cent during the past two months and that ten cents per pound. Besides this the journeyman is now working under the ten hour rule, while receiving the same wages as when fourteen hours was a day's work. On the other hand, the small bakers, and especially the German element of the trade, are unwilling to change the present prices, unless flour goes up another dollar. In this event they would agree to an increase of one cent per loaf.

### HURRAH FOR HARRISON.

A Large Delegation on Their Way to Call on the Next President.

Chicago, Sept. 29.—A galaxy decorated train of fourteen cars moved out of the Chicago and Atlantic depot this morning. It carried the German American association of this city, the John A. Logan club of La Salle, the Student's club of Normal, Illinois, and several other organizations. Its destination is Indianapolis, where this afternoon the enthusiastic Republicans reinforced by the John A. Logan club of Cleveland, Ohio, will call upon the Republican nominee for the presidency. There will be stops for demonstrations at Rochester, Peru, Kokomo, Linton and Noblesville. The election is to be held in Indianapolis about three thirty this afternoon, and, escorted by the Veteran Legion divisions of cavalry, artillery and infantry, and by the Columbia club of young business men, will proceed at once to General Harrison's residence. It will be the largest delegation of the campaign.

### AUGUSTA'S BIRTHDAY.

The Grandmother of the Present Emperor of Germany Celebrates.

Berlin, Sept. 29.—Tomorrow is the birthday of the Empress Augusta, grandmother of the present Emperor. She is on the island of Mainau, Lake Constance, where the Emperor also arrives today. In consequence of the royal family being in deep mourning there will be no formal celebration of the event, but in the afternoon there will be a quiet gathering in which the Grand Duke and the hereditary Grand Duke of Baden with their consorts will participate. Great preparations are being made for the reception of the Emperor who it is expected will remain for several weeks. He has been much fatigued by his attendance on the autumn maneuvers, and rest has been prescribed as absolutely necessary.

### MR. BLAINE OF MAINE.

Will Speak in New York Under the Auspices of the Republican Club.

New York, Sept. 29.—Richard K. Foster, of the League of Republican clubs, and a large force of assistants, are busily engaged this morning in making the final arrangements for the great torchlight procession and demonstration at the fair grounds in honor of Mr. Blaine. Large numbers of visitors were denied access to him, but he stopped long enough to express his opinion of the demonstration would be the largest of the kind ever seen in Gotham, and that a magnificent audience would meet Mr. Blaine at the grounds. Regarding the report that the league was entirely responsible for the demonstration, and that it had met with the disapproval of the national committee Foster would not talk. Mr. Blaine leaves on his western trip on Monday.

### AN AMERICAN PEDESTRIAN.

A New York Woman Walks 500 Miles in the Old Country.

LONDON, Sept. 29.—An eccentric American lady Mrs. Acton who is now stopping at Brodick in the Isle of Arran, recently travelled to Scotland in an extraordinary way. Starting from this city, accompanied by her husband, who is a Scotchman, she walked the entire distance to Glasgow, five hundred miles, in five weeks. The family stopped at the best hotels en route and so far from feeling any fatigue from the journey, which was undertaken solely with the view of gaining health and strength the entire family declared that it had been productive of beneficial results.

### DOUGLAS DISAPPOINTS THEM.

The Famous Colored Orator Unable to Speak in Illinois.

Chicago, Sept. 29.—Great disappointment is expressed at the rooms of the Republican state committee over the fact that Fred Douglas has been compelled to cancel all of his political engagements in consequence of the failure of his voice. He was to have spoken at several points in this state and his influence with the colored voters was largely counted upon.

### SOME QUEER TRADING.

Chicago Men Anxious to Secure September Wheat at any Price.

Chicago, Sept. 29.—In the absence of outside business this morning there was a noticeable feature as Hutchinson was giving out that he had no wheat to sell below \$2. There were anxious bidders in the pit at \$1.00 and Seymour was industriously buying in store lots at \$1.00, few sales of September were made in the pit. The Western Commission company paid \$1.00 for one small lot. Orr & Co. sold Hutchinson 5,000 at \$1.45 at precisely the same time that Seymour was paying \$1.00 for it.

### DEMOCRATIC DRUMMERS

They will go to Washington to see President Cleveland.

Chicago, Sept. 29.—At the adjourned meeting of Democratic travelling men today it was reported that about 150 tickets had been sold for the proposed trip on Thursday next to Washington for the purpose of calling upon the President as an effort of the recent pilgrimage of Republican drummers to Haddonfield. It was decided to make an effort to get two hundred names on the roll and another meeting will be held tonight. A special train will be chartered for the trip and five hundred dollars are to be expended in decorating it. This will be the first organized visit of the campaign to the White house.

### A CHANCE FOR A FIGHT

Kilrain and an Unknown Will Contest for the World's Championship.

New York, Sept. 29.—Lake Kilrain is expected to arrive in this city Monday where preliminary looking to a proposed fight between him and Charlie Johnson's unknown for \$10,000 and the police Gazette's diamond belt and heavy weight championship of the world, will be considered and probably decided upon.

### "OLD HUTCH" MAD

He Tells a Reporter to go About His Business.

Chicago, Sept. 29.—"Old Hutch" had one of his spells this morning. To a reporter, who asked him for price of September wheat, he said: "I don't know what you want to buy wheat for, but I don't want to buy wheat for you. You don't want to buy wheat for me, do you? You don't want to buy wheat for me, do you? You don't want to buy wheat for me, do you?"

### CHICAGO CHINA MAN.

Chicago, Sept. 29.—The case of San Wan and his American wife, who are charged with conspiring to abduct young girls from Milwaukee and other places for immoral purposes is again on hearing before Justice White this afternoon. The police officers have not been able to make out a strong case and the indications are that the accused will simply be punished for keeping a disorderly house.

### Circus Men Killed.

Pittsburg, Pa., Sept. 29.—"Sheeny" Morrison, a white man aged 29 years, of Camden, N. J., and "Squid" Burdett, a colored man, were run over and killed at Allegheny last night. They were canvassers employed by Adam Forel, a circus man, and were leading a troupe of circus men when they were struck by a passing train and killed.

### BRUNSWICK FALLS.

Chicago, September 29.—Charles Brunswick, the billiard table manufacturer confessed judgement amounting to \$8,000. The sheriff levied on the stock and contents of the factory. Brunswick, behind the administratrix of the estate of Joseph Brunswick deceased, then filed a bill asking that a receiver be appointed.

### He's All Right

DETROIT, Mich., Sept. 29.—A cablegram received here states that Charles W. Waldron, the Hillsdale banker who conspired with Mrs. Bidwell of Quincy, is in London.

### The Sculler's Championship.

New York, Sept. 29.—Richard K. Fox says he will put up \$5,000 on a sculler's championship contest between Teemer and Kemp. He will allow the latter \$12,000 for expenses of his trip from Australia.

### Confidence in Boulanger.

PARIS, Sept. 29.—The Boulangerist agitation has been resumed. A stormy meeting was held last evening at which a vote of confidence in Gen. Boulanger was passed.

### A Roadie Gone

New York, Sept. 29.—A package containing \$5,000, was yesterday stolen from the National bank of Republic in some mysterious manner.

### Evicted Again

Chicago, Sept. 29.—It seems that the young man arrested in Denver yesterday as Tascott was really a native of Memphis Tenn. where his parents reside.

### The Weather.

WASHTON, Sept. 29.—Minnesota and Dakota, fair slightly warmer, westerly to southwesterly winds.

### SURELY A SUCCESS

Capt. McDougall's Patented Steel Ship 101 an Unqualified Success in Every Way.

### SO PROVEN IN VERY SEVERE TESTS.

Easily Outrides the Most Dangerous Storms and is Open to no Objection.

Had any doubt existed in the minds of vessel men or Duluthians as to the perfect success of Capt. McDougall's daring invention, the steel boat 101, that doubt can be dispelled now. The testimony of her own captain and crew and of the master of the Hiawatha which pulled her into Duluth this morning is too convincing to be lightly passed over. When she was first launched the cranks and wiescrae both on sea and on shore prophesied that she would not steer and that she would tow hard. Both opinions were soon proved totally false. She now the last prop is knocked under the pressure by her splendid action in as severe a storm as has swept Lake Superior for many years. That the 101 type is destined to become the leading style of vessel on the great lake and perhaps on the ocean is amply demonstrated. She arrived in port this morning in tow of the Hiawatha, Captain LeMarble, interviewed on the 101 by the Herald's Capt. McArthur said: "Never in my experience as a lake navigator have I seen such a perfect success as the 101 has shown herself to be. Wednesday night I was between Whitefish and Keweenaw points in such a gale as is not often seen anywhere. It was so severe that the wind was blowing 45 miles an hour and my own cabin was smashed open and filled with four feet of water. The Hiawatha's foremast bulwarks were broken away. The F. W. Wheeler, Capt. Ivers, which also arrived here this morning, one of the finest steamships on the lake, was forced to lie by under shelter during the storm, and the wind was blowing 45 miles an hour in a gusty, choppy way, making the worst sea possible. The Hiawatha and behind her the 101. All night long I watched the 101 as she rode the waves. She made light break, or something else gave her, but her lights kept as steady as a smooth sea and never once she showed a shiver in that terrible storm. She steered like a yacht and as for pulling, why I could roll five like her easier than I can. I saw her own schooner Minnehaha. The regular running time of the Hiawatha is one mile per hour. I dropped the Minnehaha in Chequamegon bay and came from there in a few hours. I saw her in a nine mile gale. She did not hinder the Hiawatha in the least. I regard her as the most perfect type in lake navigation. I saw her in a great many more like her in a few years. From the Strait to Duluth I did not see a single man on her decks. Two men and a cook could navigate such a vessel to Buffalo. On the trip I saw her in a heavy sea, half filled with water and placed on her deck would not have lost a drop between Duluth and the strait."

Capt. Holdridge, of the 101, is an enthusiastic supporter of the new type of ship. He is in charge and would be perfectly willing to sail in her to the north pole if necessary. In all points, handling, speed, maneuvering, steering, steadiness and economy both in first cost and repairs, the 101 is a long way ahead of anything else on the lake. Capt. McDougall is undoubtedly destined to reap a great reward.

Said Capt. Bule, of the Elfin Mere, one of the best new freight steamers on the lakes: "My boat was bobbing about in the tremendous sea and the schooner Yachna, behind me, was almost laying her masts flat to the waves. My cargo was shifted and we had a hard time, but that can be said of McDougall's sliding hull. She is a wonder. The Neosho and a dozen other fine lake ships of the modern type, were all compelled to keep in for shelter."

### A BAD SMASHUP.

ST. PAUL A DULUTH FREIGHT CARS OFF THE TRACK AT BARNUM.

The night passenger train on the St. Paul & Duluth road which went down at 4 o'clock this morning, will not arrive until sometime this evening. The delay is due to a bad smashup which occurred between the N. P. Junction and Barnum during the night. The train of four and ten cars, which was in charge of the night train, was derailed and fifteen of the loaded cars are derailed along the track. The limited left on time this noon and its passengers will be transferred around the wreck. The station men are said to have been the cause of the accident.

### Prisoners Sentenced.

The following prisoners were sentenced by Judge Stearns this afternoon:

Murder at Fond du Lac, Wis. sentence, J. Burns, and Dan Ryan, robbery, the former given one year and the latter five years, George Cook, seven months. Thos. Jay, forger, five years.

### AT THE GRAND.

The Emma Abbott opera company attracted another large audience last evening at the Grand opera house, giving an excellent and creditable presentation of "The Rose of Castile." This is not an entirely new opera but is being revived by Emma Abbott this season, and Duluth was one of the first cities chosen for its production. The reception given the company last evening is certainly gratifying to the company, and evidence that "The Rose of Castile" has sprung into popularity with the music loving people. Miss Abbott was the spirited and dashing ruler amid Elvira and the stately and kind-hearted queen, both characters which she assumed with her accustomed expression. The opportunities afforded Miss Abbott in the varied selections were admirably taken and rounds of applause greeted her after each rendition. Miss Annandale as Donna Anna, the heroine, was also very successful. Her singing was excellent and the deep rich voice was incomparable. Ferdinand Michelena assumed the role of Manuel and the music which he sang was delightfully given. It was work and the music had a rotundity and vivacity that was pleasing. The solo, "The Rose of Castile," was sung by Miss Abbott throughout the evening, and worthily won the frequent and emphatic expressions of approval.

This evening Miss Abbott will give her farewell appearance as Marguerite in Gounod's immortal opera Faust, in which Miss Abbott has every opportunity to show her extraordinary voice and dramatic ability. Miss Annandale will assume the role of Siebel and Mr. Broderick, Fretche and Michelena will also appear.

### ON CHANGE.

ANOTHER WILD DAY OF WHEAT WITH FLOOD TIONS OF FULLY FIVE CENTS A BUSHEL.

The early market today was a hesitating, anxious one with little trading and almost no wheat on the floor for sale. The various futures opened from 1/2 above last night, close to 1/2 below, December and October being off and May and cash up. Up to noon there was gradually increasing business at slowly advancing prices but about 12 o'clock a big lurch of buying orders came in together with higher prices from outside, and the rest of the session was pandemonium let loose. It was a wild excited market with the future soaring up almost a cent at a jump. During all the excitement it was surprising to note how little wheat came out. 13,715 a most impossible to buy even on the strongest advances more than a five or ten thousand lot, and the bidders were wild. Just before the close the market reacted and closed lower. The total advance was 2 1/2 on September, 3 1/2 on October, and 5 or 6 on December and May.

Cash wheat sold at 109 1/2 and 110 1/2 and closed at 113 for 1 hard. Northern sold at 108 and 98 respectively, No. 3 at 96 and on account of the fact that there is considerable activity in their line.

Wreaths of smiles decorate the countenances of real estate men these days, and on account of the fact that there is considerable activity in their line.

"Are you there?" Morality was run in this morning on Lake Avenue for the sake of the billboards. His skin was full of tan and he was unable to keep the sidewalk.

Work on the new city hall is going on. The new city hall has been commenced. This is to be a handsome and attractive building and even those who opposed the scheme, will not but admit it.

Work will be commenced this fall on the foundation of the Lester Park hotel. The structure will be 80x142 feet in size and will be a model in architecture and convenience. The projectors intend to make Lester Park one of the handsomest suburbs to Duluth.

William Broderick who appears tonight with the Abbott company as Mephistopheles has won a season of musical criticism in Duluth. He is without a peer as a singer and many friends would delight in hearing "Heart Borne Down" which he rendered by him is a masterpiece.

E. C. Jones of the firm of Merriam & Jones, real estate brokers, started for St. Paul, Minn., a few days ago, on a hunting trip. Between here and his point of destination he has been hunting for a deer. He was shot and he is now visiting in Minneapolis with friends and relatives.

Mike Chalk is another for the statement that nearly 100,000 people have traveled on the tug and small boats this season to pleasure resorts in and about Duluth. Next summer the number will be doubled. This city is fast becoming a charming place to reside during the summer months.

John Brown, of Kilmarnock, Scotland, the gardener of the new cemetery association arrived a short time ago from his old home with his family and is already busily at work laying out and arranging the cemetery grounds. A thorough topographical survey is to be made at once and the lots, paths and roads marked out, and the entire tract will be cleared as soon as possible. In a few years Duluth's new cemetery will be a beautiful spot.

There seems to be a general misunderstanding regarding the new office building to be erected on West Superior street. The name Chamber of Commerce was given to the building not because the chamber raised the money to build the structure but because the original intention of the scheme found themselves \$20,000 short of enough to complete their subscription and they were assisted by the company of which Mankato capitalists hold a large block of stock.

### PERSONAL MENTION

J. T. Condon will leave tonight for St. Paul.

C. Marshall went today to Madison, Wis., for a short visit.

Geo. Spencer returned yesterday from a visit to Minneapolis.

Mr. Weddell, husband of Emma Abbott, left last night for St. Paul.

H. C. Kendall will visit his mother in Indiana during his eastern trip.

J. C. Eckert and wife leave tomorrow for their home in Port Wayne, Indiana.

J. F. Haas Jr., the pine land man, has returned from an extended Michigan trip.

H. H. Hawkins returned last evening to his home at Thomson but will be back Monday to go to Tower.

Major Wall looks happy since his return and says he will acquire in Duluth this winter and get fat. Mrs. Wells accompanied him home.

Postmaster John Flynn returned last night from Chicago accompanied by his wife who has been visiting friends and relatives in Pennsylvania.

John Fitzgerald, president of the Irish National Land League, and G. F. Riegan, both of Lincoln, Nebraska, and M. B. Garmon, of Omaha, are here to attend the case of Rosa Pritchard, the Duluth & Iron Range road in the district court.

### BANK CLEARINGS.

Bank clearings for the week ending yesterday were \$2,580,722.74, this being the amount that will be published Monday in the week's clearings. For the same week last year the clearings were \$2,115,415. This increase, though not so large as for one or two weeks in the past, is a fine showing and one that shows conclusively that Duluth, at least, is not suffering from any dearth of business or reaction from the traffic of a year ago. Duluth clearings have almost uniformly shown a large increase over the figures of a year ago which is contrary to the experience of nine tenths of the cities included in the list. Duluth is all right!

We offer our entire stock of groceries at cost. Carroll Bros., 524 West Superior street.

**INDIANAPOLIS TRAVELERS.**  
THE EXCURSION OF IRON MEN FROM TOWER TO HARRISON'S HOME OFF TODAY.

The long planned excursion from the Tower mining district to Indianapolis, the home of General Harrison, is now a fact, the party having started this morning from Tower. They expect to reach Indianapolis Tuesday and will advertise the Vermilion range there and along the route by distributing specimens of ore at the various cities and towns through which they pass. They will assure the next president that Minnesota is not a free trade state and that her ticket is "Harrison, Morton, Merriam and protection." While they endeavor to protect the farmer in his products they will urge him to protect them in their iron trade.

The party goes by way of the Omaha road and St. Paul, leaving here tonight they reach St. Paul tomorrow morning, spend the day there, arriving at Milwaukee the next morning and at Chicago, Monday evening. Leaving Chicago via the Louisville, New Albany & Chicago they arrive at Indianapolis Tuesday morning, and spend the day there. Wednesday they will be in Chicago again and Thursday night will bring them home. The sleeper in which they will travel is being furnished up with farmers today, the "Vermilion Range" and "Harrison, Morton, Merriam and Protection" being above and below the car windows. A combination smoking and baggage car will also be in the train, in which will be the iron ore taken along as samples of what Minnesota can produce.
